

Textbooks:

1) Coogan, Michael D. *The Old Testament: A Historical and Literary Introduction to the Hebrew Scriptures*, 3rd ed. New York: Oxford University Press, 2013. ISBN: 978-0199946617

[DO NOT BUY Coogan's "Brief History". We are using the full introduction,] There is a fourth edition, but it is not required for purchase as our additional readings will introduce the same topics.

2) If students don't currently have a New Revised Standard Version (NRSV) Bible, then please purchase/rent one. The introductions and the footnotes are filled with excellent information. Questions on Bible options can be emailed to me at
